LETTER OF RECOMMENDATION

June 15, 2026
Tiruchirapalli, India

I am pleased to offer this letter of recommendation for **Ms. Shalini T**, whom I have known for the past **four years** during her Bachelor of Engineering in Computer Science and Engineering programme. As a faculty member in the Department of Computer Science and Engineering, I am delighted to comment on her academic performance and personal qualities.

During my association with Shalini, I found her to be a highly **motivated, dedicated, and hardworking student** with a genuine passion for learning. Her commitment to academic excellence and strong interest in technology enabled her to consistently perform well throughout her undergraduate studies. She was always well-prepared for classes and actively participated in discussions by asking insightful questions and demonstrating a keen understanding of the subject matter.

Shalini possesses excellent **analytical thinking, problem-solving abilities**, and a strong aptitude for applying theoretical concepts to practical situations. Her interest in **software development, artificial intelligence, cloud technologies**, and **networking** was evident through her involvement in academic projects and technical activities. She consistently displayed enthusiasm for learning new technologies and expanding her technical knowledge.

Over the years, I have witnessed Shalini develop into a confident individual with strong **leadership and communication skills**. She works effectively both independently and as part of a team. During project work and technical activities, she demonstrated the ability to coordinate tasks, collaborate with peers, and successfully overcome challenges. Her positive attitude and willingness to support others earned her the respect of both faculty members and fellow students.

I strongly believe that her decision to pursue postgraduate studies is well-timed and aligns perfectly with her academic interests and career aspirations. Her **technical aptitude, work ethic, dedication**, and passion for technology will enable her to excel in the field of **Intelligent Networks and Cloud Computing**.

I am confident that Shalini will be an asset to your institution and will make meaningful contributions both academically and professionally. Therefore, I highly recommend **Ms. Shalini T** for admission to your esteemed university.

Yours sincerely,

Dr. G. Annapoorani,
Assistant Professor & Head of Department,
Department of Computer Science and Engineering,
